Update on indoor training- **temporarily closed, effective on Wed, 11/18/2020**

Dear Students and Parents:

This letter is in regard to the new guidelines issued by the Alameda County Health Department. As Alameda County rolls back to Tier 1, unfortunately we have to close indoor training until further notice. As it gets dark earlier in the day, we have to move all weekday classes one hour early in order to accommodate all levels. Weekend classes remain unchanged. These are difficult times, but we are almost through it! Please come and train - being healthy is the best weapon against the virus!

- * No classes during rainy days.
- * Wear layers under the uniform to help against cold weather.
